

**Higginsville Municipal Utilities
Water Heater Rebate Program
Application Form**

Requirements to qualify for the electric water heater rebate:

1. Must be a Higginsville Municipal Utility customer in good standing.
2. Must have a paid receipt from the vendor, plumber or contractor for the water heater.
3. Complete Rebate Application form available at City Hall.
4. Water heater must be a minimum of 40 gallons with an EER rating of 11 or better.
5. Water heater must be installed in a permanent residence or building.*
6. Must be within six-month period of installation.
7. Rebates apply to new equipment only.
8. Inspection of installation for proper wiring and plumbing will be done before rebate is issued.

Rebate amounts:

Replacement of gas with electric	\$150
New Home with electric	\$150
Replacement of existing electric	\$100

This program will be available each year as per budgeted by the Higginsville Board of Aldermen and is subject to withdrawal at any time.

*Mobile homes will not be considered permanent residences unless attached to a permanent foundation.
